
CONDITIONS OF ENTRY

1. The National Rowing Championships of Great Britain are open to all clubs affiliated to any Great Britain Rowing Body. Individual competitors, including substitutes, must have been registered members of their declared club(s) since before 1st June 2009. All competitors in coastal events must be registered members of the ARA or of a GB Coastal Rowing Association.
2. The National Rowing Championships of Great Britain are a National event. Foreign entries are specifically excluded. In addition, no competitor who has represented a foreign country at any event or competed for a foreign club at Henley Women's Regatta or Henley Royal Regatta in the current year may participate in any event at the National Rowing Championships of Great Britain.
3. Competitors will provide their own equipment. Adaptive single scullers are required to race in either a FISA Standard 1x or an Alden Star 1x.
4. Entries from the ARA's GB Junior Squad are required to comply with the instructions for and conditions of entry in all respects. However, the crew composition may be changed in its entirety after the closing date, provided that those name changes are supplied in writing to the Entries Secretary by Tuesday 14th July 2009. After this time no further changes may be made unless for certified medical reasons. Crews using this condition may only compete in Senior Events of the Regatta.
5. The organising committee reserves the right to exclude any crew or sculler from further competition in an event if it does not show sufficient competence in either attaching to the start pontoons or progressing down the course during a race. This rule will be applied in the interests of safety and fairness to other competitors.
